

Job Profile

Financial Access Consulting Services (“FACS”) is looking for a research analyst for our regional office in Jakarta, Indonesia.

About the company

Financial Access Consulting Services (“FACS”) is an ex-ING Bank financial advisory entity taken private in 2007. We have offices in Amsterdam, Jakarta, Nairobi, and Accra. Our main objective is to de-risk smallholder agriculture and to unlock sustainable finance at scale for smallholder farmers in agri commodity value chains. We use in-depth data analysis, farmer credit & environmental scoring, financial technology, and our long-term operational banking experience to develop easy-to-use smallholder finance tools and investable smallholder investment portfolios for banks, MFIs, credit cooperatives, impact investors, and other agri-lenders. In our work we engage with public donors, impact investors, NGOs, the financial sector, private companies, a number of research organizations, and technical partners.

To support our work, FACS is looking for a full-time research analyst who can both assist in our advisory and technology business, see more information below.

Job description

We are looking for a full-time research analyst who can support the regional office in Jakarta. Responsibilities include amongst others:

- Conduct research on different value chains in Southeast Asia.
- Support the data team with data analysis, financial modelling, and credit scoring.
- Support our financial institution analytics and impact assessment activities.
- Support the regional business development of FACS.
- Supporting the wider team, across countries, with ad hoc research and analysis.

Requirements

- You have obtained a bachelor’s in Economics, Finance, or any other related field.
- 1-2 years of work experience in a research organization and/or consultancy preferred.
- Active interest in emerging markets, agri-finance and/or development finance.
- Strong analytical skills and familiar with modelling in excel. Experience in R/STATA/SPSS or other statistical software is preferred.
- Ability to multi-task while maintaining strict attention to detail in a time sensitive environment.
- Knowledge of financial terminology preferred.
- Ability to work with (unstructured) data preferred.
- Fluency in English (speaking and writing).
- Flexible, hands-on, and self-motivated.

The offer

- Stimulating, dynamic, and international work environment.
- Market-conform salary.
- On-the-job learning experience.
- Starting date: as soon as possible.

If interested, please send your CV and motivation letter in English to renee.corstens@financialxs.com.
